1. Executive Findings & Regulatory Posture

- **Verified Finding (target_ma_crypto_inventory.pdf):** Exhibit B-2 Escrow & Dual-Control Boundary: Treasury state mutations lack hardware-bound two-man physical attestation (CredTwoManAttestation), creating single-signer drain exposure. [target_ma_crypto_inventory_c0002_d6ca4c84:p2]
- **Verified Finding (target_ma_crypto_inventory.pdf):** Exhibit B-1 Legacy Key Store Audit: Target entity relies on RSA-2048 TLS certificates and unrotated bearer token [REDACTED_CREDENTIAL] for internal microservice calls. Immediate migration to NIST FIPS 203 (ML-KEM-768)... [target_ma_crypto_inventory_c0001_a7951bbd:p1]

2. Cross-Document Anomaly & Compliance Verification

- **Verified Finding (pittston_zoning_code_2026.pdf):** Section 402.1 Light Industrial & Sovereign Compute Overlay: Data processing appliances operating inside sealed commercial premises with zero external RF emission are permitted by right up to 15 kW continuous load. Con... [pittston_zoning_code_2026_c0001_48c715b9:p1]

3. Post-Quantum Cryptographic & Operational Liability Assessment

- **Verified Finding (pittston_zoning_code_2026.pdf):** Section 508.4 Setback & Acoustic Mandate: All cooling fans and UPS cabinets must maintain exterior boundary sound levels below 45 dBA between 22:00 and 07:00 local time. [pittston_zoning_code_2026_c0002_47b263c3:p2]
